

Frogs in Pharaoh's Bed Devotionals

I have made Power Points to go with each lesson in this book, to use as devotionals. We start with reading the verse together, then I read the introductory story, then I call on students to read the facts, and then I have them open to the text to follow the story from the Bible. With some, I do the activity at the end with the Power Point and with others I print out the activity for them to do on paper.

Caution:

Adventist teachers will need to be careful of the first lesson (God's Tiny Dive-Bombers) as you will have to correct the view of the dead, and the 21st lesson (The Frightened Witch) when you will need to explain if Saul saw the real Samuel by the witches power.
