

ANDREWS UNIVERSITY

EDUCATIONAL RESEARCH INDEX

Sixteenth Edition

By Wilfred G. A. Futcher

The Andrews University Educational Research Index is published yearly in *THE JOURNAL OF ADVENTIST EDUCATION*. This index constitutes a report of the formal research conducted by students in the School of Education at Andrews University. Recognizing that some of these studies are of particular importance for teachers and educational administrators in the Seventh-day

Adventist Church, the School of Education at Andrews University makes this information available to readers of this journal.

In addition to students who engage in research at the master's and doctoral levels, undergraduate honor students under faculty guidance are given the opportunity to do significant research in a field of their choice. Reports of the findings of these studies by the honor students (Andrews Scholars) are also available.

On the graduate level, members of the faculty guide students in major research for master's projects and theses and doc-

toral dissertations. These studies cover a range of research literature in which the following are emphasized:

- (1) analysis and testing of theory;
- (2) the application of theory;
- (3) specific problems in education and psychology;
- (4) development of specific curricula materials or psychological instruments.

The areas covered in these studies include educational administration, curriculum and instruction, methods of handling special education problems, educational measurement and evaluation,

philosophy of education, educational psychology, counseling, guidance, student development, and religious education.

Use of the Educational Research Index

This edition of the index reference studies completed by students who graduated in August 1987 and June 1988.

The indexed titles of student research include: (1) author, (2) title, (3) date completed, (4) number of pages in the complete report, and (5) the name of the faculty adviser(s). A 350-word abstract is available for each of the studies. This contains the purpose of the study, the methods and procedures that the researcher used to develop the research, and the conclusions reached.

Readers may obtain an abstract upon request for one U.S. dollar (U.S. \$1.00). This fee includes mailing expenses. To readers in the U.S. and Canada, master's projects and theses are available for 13 cents per page. The fee to readers in other countries is 17 cents per page. Payment should be made to Andrews University by International Money Order or check payable in U.S. dollars. To order or request further information about the Andrews University Educational Research Index, please write to:

Dr. W. G. A. Futcher, Chairman
Department of Educational and
Counseling Psychology
Andrews University
Berrien Springs, MI 49104

Doctoral dissertations are available only through University Microfilms International, 300 N. Zeeb Road, Ann Arbor, Michigan 48106, U.S.A. Requests for abstracts of these should be made directly to that organization.

Andrews University Educational Research Index

Sixteenth Edition
Summer 1987-June 1988

M.A. Theses

- Detres, Hector C. *A Comparison of the Television Viewing Habits of Religiously Oriented and Non-Religiously Oriented Children.* September 1987, 75 pages, Brantley.
- McClintock, David J. *Attitudes of Seventh-day Adventists to Parochial Education.* November 1987, 136 pages, Naden.
- Monttinen, Anne-Maria. *A Descriptive Study of the Kinetic Family Drawings of Children from Catholic, Lutheran, and Seventh-day Adventist Religious Backgrounds.* May 1988, 161 pages, Habenicht.
- Shipowick, Dene R. *The Relationship of Sex, Gender Identity, and Sex of Siblings to Adolescent Occupational Choice.* December 1987, 101 pages, Kowinski.

Ed.D. Dissertations

- Byoune, Helen D. *The Relationship of Hemispheric Performance and Reading Achievement for Black and Caucasian Fourth- and Fifth-Grade Students.* February 1988, 214 pages, Habenicht.
