High Caliber Performance

I would say that you really outdid yourselves on the April-May 1989 issue of THE JOURNAL OF ADVENTIST EDUCATION. You and your staff are to be commended for such a highly qualified issue which could stand alone among journals of this type.

Please continue your high caliber of performance in journal publications, as I feel your journal can play a significant role in salvaging the values of Christian education in a greatly disturbed society.

May God bless you greatly as you continue to evangelize through this media in such a beautiful and meaningful manner.

Congratulations on your April-May 1989 issue of the JOURNAL. It's around the department here, but I earnestly desire a copy all my very own. As you know, it's a theme dear to my heart.

Exceptionally Fine Issue

I just finished reading the Summer 1989 edition of the JOURNAL and felt compelled to write to congratulate you and the contributing authors for an exceptionally fine issue on the subject of multicultural education. From your editorial, through each article, the subject was presented effectively and convincingly. I speak from a dozen years experience with multicultural, multiracial experience in the public school sector. Well done.

Educative and Relevant

While at Solusi College, I developed a great interest in your magazine, which was made available to us through the periodical department of our college library. I immediately read each new issue that arrived, despite my busy study program at college. I found the magazine to be educative and relevant to my study.

Now that I have graduated and will be

working as a chaplain and teacher, I would like to be included in your permanent mailing list.

Outstanding Issue

Elder Robert Dale has just sent to our office a copy of your Summer 1989 JOURNAL. Thank you for the outstanding multicultural issue!

Please accept our congratulations and wholehearted gratitude for this special issue on this needy subject. Now I am sure you realize that anything that is good must be repeated! Please allow us to suggest that you do it again in 1990.

My secretary has suggested that we

send a copy of this special issue to the members of the Hispanic Education Committee. If her suggestion meets with your approval, we will move forward with this excellent idea.

• *Back issues of the JOURNAL are available for \$1.25 each (1-99 copies) or \$1.00 each (100 or more copies), plus shipping.*

We would welcome additional articles on multicultural education. Readers interested in addressing this topic should contact the JOURNAL office for a style sheet and further guidance. --THE EDITORS.
