

Light / Dark Reaction of Photosynthesis

DIRECTIONS: Use your textbook, or internet sources to find pictures of the light and dark reactions of photosynthesis. Study the pictures carefully. Draw a detailed diagram that shows both the light and dark reactions of photosynthesis.

1. Diagram must be on 8.5 X 11 inch white paper.
2. Diagram should take up 80% of the sheet of paper.
3. All labeling must be in black ball point pen.
4. Diagram must be colored using colored pencils.
5. A brief, neatly written statement that explains in words what goes on in each reaction must appear along with the diagram.
6. Neatness and accuracy are expected.
