

Exegetical Worksheet Procedural Steps Religion III Study of Romans

In order to complete the assignment effectively and gain the most from the experience please follow these 7 steps:

1. Pray! (Never study the Word without asking the author to help guide!)
2. Read through the chapter Journaling any thoughts or ideas
3. Choose a passage of scripture you would like to focus on (this may contain a number of verses)
4. Before looking at any other sources study the passage yourself and try and find the simplest truth you can take from it. Write that down.
5. Choose one original language word in the passage and give its meaning and how knowing this meaning helps better understand the idea of what the passage says. Be prepared to share!
6. Now take a look at various supporting text found in your margin (hand out) that help amplify the meaning and led support to its understanding. List those.
7. Now look at what the commentary states is the meaning of the passage. Note any explanations that help in the understanding.
