

## **Ideas for Faith-Integrated Spelling**

1. Have students do a 'word hunt' (locate each of their spelling words in the Bible; write the sentence and/or Biblical reference).
2. Use their spelling words to write a story with a morale or value emphasis.
3. Use the theme being taught in the classroom to select spelling words for students. Have students' practice spelling these words, defining, and using them in an appropriate context. This suggestion provides practical application and has met the needs of a variety of learning styles and cultural needs.
