

Faith Integration Ideas for Handwriting

Language Arts; Handwriting

1. Use this scripture verse as a weekly memory verse for students
2. Use the scripture verses from Bible program and worship thoughts to have students practice handwriting. This concept can be made thematic by doing the following:
 - how can/does this scripture verse or worship thought:
 - relate to a personal experience (students can write in journal form or teacher can assign different genres of writing)
 - be illustrated?
3. Scripture verses supporting handwriting development, specifically about the Handwriting of God- Exodus 31:8; Deuteronomy 10:4
